# Car Insurance on *Your* Terms

Underwritten by National Surety Corporation

## When it comes to buying car insurance, you're in charge.

Not all insurance is created equal. The Allianz Personal Auto Policy\* provides quality custom-built coverage at a price that reflects your needs and meets your budget.

An insurance policy that puts you in the driver's seat when it comes to choosing the coverage you need.

With so many companies selling car insurance, distinguishing one from the next is confusing. An experienced, caring independent agent can cut through the clutter to help you find high-quality insurance at a price you're comfortable paying.

That's where we come in. We cover the basics with an effective, thorough policy. But as a company, we distance ourselves from the rest through our customized approach, financial stability, service – and a focus on your safety.

### Take Advantage of Precision Pricing

The one-size-fits-all car insurance policy is a thing of the past. Technology now makes it possible for you to identify your insurance needs and your individual situation, and blend them into a customized policy that fits your budget. And because the final price reflects your decisions, driving record, and other individual factors, you won't subsidize anyone else's driving habits. We call this *Precision Pricing*.

Working together, you and your independent agent can create the right policy at the right price for you.

Choose the right coverage for the right price, from a stable company that cares about your safety.

### Choose a Strong, Stable Company

The Allianz Group insures the homes, businesses, assets, and legacies of 75 million people and their families in more than 70 countries. Buying your car insurance from a member of the Allianz Group gives you peace of mind: We are the world's largest property and casualty insurer by revenue, and one of the world's largest financial service companies. You can feel confident that you have the resources, knowledge and experience of the world's strongest and most prosperous community by your side.

### We Do the Right Thing When It Matters Most

We know that no matter how careful you are, accidents happen. Great coverage is critical to protecting you, your family, and your car. But we also know what matters most is a fast and fair claims settlement. Our claims professionals understand how to achieve the best results if you or your loved ones are injured, or if damage occurs to your car.

### Your Road Safety is Our Focus

Hundreds of companies sell car insurance – only one employs engineers and scientists to conduct a crash test every week.

More than 70 years ago, the Allianz Center for Technology was established to further the advancement of accident and road safety research. The center reflects our commitment to the safety of our car insurance customers – Allianz insures more than 50 million cars worldwide – and to all drivers.

Car insurance customers have long trusted Allianz as a committed partner concerning safety and risk issues for adults and children as well as improving traffic safety for cyclists, motorcyclists and pedestrians.

### Supporting Firefighters for Safer Communities

Our affiliate, Fireman's Fund Insurance Company, was founded in 1863 with a mission to donate a portion of profits to support the fire service. The company continues this tradition today through the Fireman's Fund Heritage Program<sup>SM</sup> by awarding grants to fire departments for needed equipment, training, and community education programs in partnership with our independent agents and employees.
