Protection Crafted for Fine California Homes

Why settle for insurance that doesn't reflect – or protect – your unique home?

Fireman's Fund[®]
Insurance Company

A company of **Allianz** 

A policy built for homes like yours

From Victorian architecture to the American Arts and Crafts design of Charles and Henry Greene to new construction, we understand the coverage needs of fine homes – and can provide knowledgeable, responsive claims expertise if there's a loss.

A Higher Level of Protection

Ordinary policies don't protect you when skyrocketing building costs exceed the amount of coverage in your policy. Among the most generous of policies, Prestige[®] Home Premier pays the Full Cost Replacement Coverage of your home for most causes of loss – no matter how much the replacement ends up costing. And in the event of a loss from brush fire or fire following an earthquake, Fireman's Fund will continue to pay up to 100 percent above the insured value. Be wary of policies that cut corners if rebuilding costs are higher, leaving you with something far less than expected.

A Choice Policy

Need to live elsewhere during repairs? Prestige Home Premier respects your standard of living with choices for comparable living expenses.

The typical policy only pays up to 20 percent of the stated limit on your house, or 40 percent of the personal property limit for your condominium – and usually for no more than 12 months. Our coverage is unlimited. And because we understand that rebuilding can be a lengthy, complex process – especially after a natural disaster – we don't impose a time limit.

Choose not to rebuild after a total loss, or want to build elsewhere? Building a smaller home? A cash settlement option gives you the freedom to decide. And if you do rebuild, you won't be rushed into starting construction.

Above and Beyond

To enhance this extraordinary coverage, we provide the following advantages with Prestige Home Premier:

- Waiver of deductibles as high as \$50,000 when losses exceed that amount.
- Replacement coverage for garages and fences and other structures.
- Enhanced coverage for identity fraud expenses, business property, and electronic devices.

Additional protection is available through optional enhancements you may add to your policy. These enhancements provide coverage for:

- Earthquake.
- Landscaping.
- Permanently installed equipment that breaks down.
- Damage from surface water, flooding, and mold.

Unlike standard policies, ours covers the costs of rare or custom work typically found in fine homes – and guards against cost increases from changes in building codes.

Peace of Mind

Our Risk Services and Solutions program provides comprehensive disaster readiness and loss prevention consultation for Prestige Home Premier policyholders. This approach reflects our partnership with you and your agent, which is focused on proper coverage and comprehensive asset protection.

Staking Our Claims

If you suffer a loss, you don't need complications from your insurer. Our high-touch claims service is a positive experience from first report of loss through repair, restoration, or rebuilding. We provide a single point of contact, fast assessment of needs, and resolution in a timely manner – all with your satisfaction in mind.

Environmentally Responsible Coverage

Your Prestige Home Premier policy offers the insurance industry's first-ever 'green' coverage for homes, and includes the option to replace damaged appliances with those that are ENERGY STAR®-qualified, and to upgrade to energy efficient building materials, interior lighting and plumbing, roofing, and heating and cooling systems. And in the event of a total loss, you can choose to rebuild your home to meet "certified" requirements of the Leadership in Energy and Environmental Design (LEED®) for Homes Green Building Rating System of the U.S. Green Building Council.
