

Stove Questionnaire

The insured or agent should answer the following questions regarding all wood stoves, pellet stoves or coal stoves in the home or other structures.

1. Is the stove UL (underwriter's laboratories) approved?

YES _____ No _____

2. Did a licensed contractor install the heating unit?

YES _____ NO _____

3. Date (month/year) the stove and chimney were last professionally cleaned _____
Must be cleaned annually to be eligible

4. Is the wood burning stove the only source of heat?

If the response to questions 1 or 2 is "NO" or the stove has not been professionally cleaned with the last year, please provide explanation in the remarks below for further underwriter review.
